- 2-wire remote override or key bypass capability
- Passage mode
- Visual and audible entry indicators
- “WP” weatherproof models -31°F to +151°F (-35°C to +66°F)
- **Retrofits knobsets using slightly modified ANSI A115 Series Prep**
- Battery operated; uses 5 AA batteries

Trilogy® economical audit trail lock

DL2800 Cylindrical Lock

- Rugged clutch mechanism ensures long life & durability
- **150 scheduled events**
- **200 user codes:** Master, manager, supervisor and basic users. Also one-time service code (3-6 digits)
- **1000 event log**
- “WP” weatherproof -31° to +151°F (-35° to +66°C)
- Timed entry allowance from 5-15 seconds
- Temporary Keypad Lockout after 3 unsuccessful code-entry attempts
- Audit trail with time/date stamp for a printable record of all electronic activity
- Real time clock; **150 event schedule**
- Relay may be programmed to energize when one or more selected events occur Battery operated; uses 5 AA batteries

PC Programming port/audit trail access

Windows-based Trilogy software DL-WINDOWS

Curved Regal handle option on all Trilogies.

Trilogy® T3 advanced digital lock with audit trail

DL3000 Series Audit Trail Cylindrical Lock

Similar features to DL2700 and DL2800 Series, but with:

- **300 user codes:** Master, manager, supervisor & basic users
- 4 programming levels, 4 user groups
- 3, 4, 5 or 6 digit codes, one-time service code
- **1600 event audit trail** with time/date stamp for a printable record of all electronic activity
- Real time clock
- **150 scheduled events** (lock/unlock, code disable/enable)
 - 4 Quick schedules of the most common routines
 - “WP” weatherproof models -31° to +151°F

Trilogy® privacy/residency locks

DL4100 Cylindrical Special Applications PIN Lock PDL4100 PIN/Prox Version

Similar to the DL3000, but with

- **2000 user codes; 500 scheduled events; 40,000 audit trail**

< plus >

- Programmable **Privacy** feature: Push button on back of door to temporarily lock-out keypad codes

- **Occupied** and multi-status LED indicator, flashes when Privacy session is active.

- Programmable **Residency** feature allows users to close door remaining unlocked (until manually relocked with prox device).

Ideal anywhere key-free, temporary privacy is required:

- Single-occupancy restrooms
- Dressing rooms
- Hospital on-call/sleeping rooms
- Darkrooms
- Executive offices
- Confidential file rooms

Mortise and Prox Mortise models of above also available, DL4500 & PDL4500.

Prox/mortise - Privacy Lock PDL4500

Trilogy prox lock with audit trail

PDL3000 PIN/Prox Cylindrical

- Accepts **HID prox cards** and keyfobs
- **2000 user codes:** Master; manager; supervisor; basic users (3-6 digits)
- Users are individually programmed to use a card only, code only, or both card and code
- Cards can be added via the lock, card enroller (AL-PRE) or PC software
- Batch enroll feature allows many cards to be quickly added without PC
- **500 event scheduling**
- Program data transferred to lock via AL-PCI (PC interface) or AL-DTM2 (data transfer module)
- Up to **40,000 event audit trail** with printed time/date stamped log of all electronic activity can be extracted from lock using the AL-IR1 (infrared printer), the AL-DTM2 or AL-PCI
- Quick Passage mode enabled with an authorized user code and function code (does not require lock to be in program mode)

Trilogy PL3000 Prox (keypad-less) version of above, for superior vandal resistance.

Weatherproof 12V/24V digital access keypads

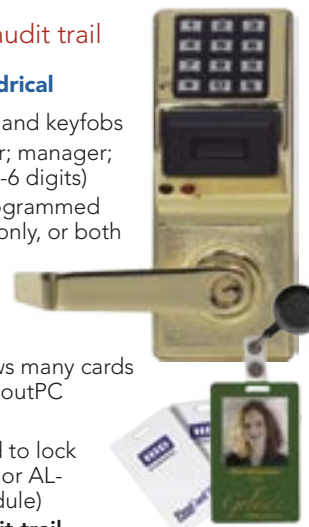

Trilogy DK3000

- Ideal for use with **12V or 24V (AC or DC)** electric door strikes, mag lock PM1200, PM600 or Alarm Lock Remote Release Mag Lock Kit.
- Easiest installation in minutes: **Wall mount** or **single gang box**
- Timed egress input allows door to open for 5, 10 or 15 seconds
- **2 High-current rated 8A relays** for entry, alarm zone shunting or lock release by real-time schedule
- Weatherproof, rugged all-metal 12-button keypad
- **2,000 users**, master, manager, supervisor and basic
- 100% Fingertip or PC Programmable with familiar Trilogy software
- **40,000 Event Audit Trail:** Query by PC or Handheld Printer or DTM2 Module

Digital access keypad with prox reader

Trilogy PDK3000

- Same features as DK3000 above, plus built-in **proximity reader**
- Accepts HID cards and keyfobs as well as digital PIN codes

Trilogy mortise locks all the features of the T3 DL3000 in a high security mortise lock

DL3500 Series Mortise PIN Lock

Similar in functionality to T3 DL3000 Series, plus:

- **300 User codes:** Master, manager, supervisor & basic users
- Weatherproof -31°F to +151°F (-35°C to +66°C)
- Fingertip or Windows PC-programmable
- Up to **500 scheduled events** and holiday schedules
- **40,000 event audit trail**
- Classroom or deadbolt versions and left or right handing (field reversible.)
- 1¼” – 1½” (3.5 cm) mortise cylinder supplied

Trilogy prox mortise lock (not shown)

PDL3500 Series

- As above, but with prox capabilities and 2000 users

TrilogyExit adds audit trail to panic exit bars

OUTSIDE: Rugged, field-proven Trilogy PIN/prox lock. (rim cyl.)

INSIDE: Existing panic exit device – Most major brands supported

Trilogy Exit ETPDL (with prox)

- **Eliminates physically “dogging-down” exits by automatically locking/unlocking them on daily/weekly schedule**
- Fingertip and/or Windows programmable
- **2000 user codes:** Master, manager, supervisor and users
- **40,000 audit trail** events
- Up to 500 lock/unlock schedules (with time zone support)
- Non-handed; field reversible
- Supports most manufacturers of RIM and RIM IC cylinders
- Battery operated; uses 5 AA batteries

Also available in keypad PIN model - ETDL

Side view

Trusted by more leading retailers, firms, hospitals, schools and airports

- Field-proven Trilogy® electronic standalone pushbutton locks available in cylindrical, mortise, exit trim or narrow stile (aluminum doors), in five architectural finishes.
- Easily add dependable wireless access control a door at a time, in an hour, with Grade 1 durability.
- Weatherproof, fingertip or PC programmable. Battery operated, choice of key override.
- Support up to 2000 PIN codes or use standard HID Prox ID cards/fobs.
- Multi-level user hierarchy including one-time service codes, group- or total lock-out codes and easy passage mode.
- Time-/date-stamped reports of door usage by user, printable at PC or wireless handheld printer.
- Automatic lock/unlock schedules 24-7, saves manpower costs.
- HIPAA-compliant access control for securing private health records, generating audit trail reports.

Trilogy keyless access locks for every application:
