

MATERIALS:

18-8 S, type-304, 16-gauge (1.6mm) stainless steel. One-piece welded construction.

INSTALLATION:

Mount unit on wall with two sheet-metal screws, furnished by manufacturer, at points indicated by an S. Install upper screw with the head approximately 1/16" (1.6mm) from the wall. Place keyhole slot over the screw head and slide the bottle opener down. Install the lower screw and tighten both screws securely. For plaster or dry wall construction, provide concealed backing to comply with local building codes, then secure unit with sheet-metal screws furnished. For other wall surfaces, provide fiber plugs or expansion shields for use with sheet-metal screws furnished, or provide 1/8" (3mm) toggle bolts or expansion bolts.

SPECIFICATION:
